In such case the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price exceeds the direct and indirect costs of completing the Project, including compensation for additional professional services, such excess shall be paid to the Contractor. If such costs exceed such unpaid balance, the Contractor will pay the difference to the City. Such costs incurred by the City will be determined by the City and incorporated in a Change Order. If after termination of the Contractor under this Section, it is determined by a court of competent jurisdiction for any reason that the Contractor was not in default, the rights and obligations of the City and the Contractor shall be the same as if the termination had been issued pursuant to this document.

1.37.1 Where the Contractor's services have been so terminated by the City said termination shall not affect any rights of the City against the Contractor then existing or which may thereafter accrue. Any retention

or payment of moneys by the City due the Contractor will not release the Contractor from liability.

1.37.2 Upon ten (10) days written notice to the Contractor, the City may, without cause (termination for convenience) and without prejudice to any other right or remedy, elect to terminate the Agreement. In such case, the Contractor shall be paid for all Work executed and accepted by the City as of the date of the termination. No payment shall be made for profit for Work which has not been performed.

## **E-Verify Affidavit**

Florida Statute 448.095 directs all public employers, including municipal governments, to verify the employment eligibility of all new public employees through the U.S. Department of Homeland Security's E-Verify System, and further provides that a public employer may not enter into a contract unless *each* party to the contract registers with and uses the E-Verify system.

Florida Statute 448.095 further provides that if a contractor enters into a contract with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien.

In accordance with Florida Statute 448.095, all contractors doing business with the City of Sunny Isles Beach are required to verify employee eligibility using the E-Verify system for all existing and new employees hired by the contractor during the contract term. Further, the contractor must also require and maintain the statutorily required affidavit of its subcontractors. It is the responsibility of the awarded vendor to ensure compliance with E-Verify requirements (as applicable). To enroll in E-Verify, employers should visit the E-Verify website (<https://www.e-verify.gov/employers/enrolling-in-e-verify>) and follow the instructions. The contractor must, as usual, retain the I-9 Forms for inspection.

By affixing your signature below you hereby affirm that you will comply with E-Verify requirements.
